Information Sheet No. 1/85

Happy New Year! We would like to express our thanks to everyone who sent us Christmas cards and gifts, and also for supporting Depeche Mode in 1984. Hope 1985 is a good and prosperous year for you all!

Record News

New material is currently being written and Depeche Mode hope to release a brand new single in the Spring.

Also planned for the Spring is a live video. The concert at Hamburg Sportpaleis in Germany on the 9th December was recorded and the band will be looking at the rushes of it in the New Year. It will be available through shops.

Interviews

In December a reporter from No 1 magazine followed the band for a few of the German dates, and in January there will be series of features on Depeche Mode.

The Face magazine also did a similar thing, but in Italy. Their article will be out in January or February.

Merchandise

A number of the items sold on the recent European Tour have now been made available, however I am at present unable to obtain the rest of the selection.

Tour News

There are no plans at all at present for any further touring of Europe and the United Kingdom.

It could be possible that the band will play some concerts in America and the Far East, but it won't be until the late Spring if at all.
